Dear Mr Gray,

Thank you for your request. We would be happy to meet with you and discuss your concerns. With this email I will ask Ms. Deana Nisbett to make mutually acceptable arrangements for a meeting. We will make sure to include Ms. Dravis, Mr Baptist, or their representatives in the meeting.

Also, the reason your email appears to have kicked back is because of a slight miss spelling in Mr. Baptist's email address. I am copying him on this for his and your information.

Sincerely,

Barnes Johnson

Ms. Dravis;

I sent the memo below to Eric Baptist using the email address on the EPA website, however, Eric's bounced back twice. Can either of you forward internally to Eric Baptist? Thanks for accommodation and assistance.

Danny

Subject: Correction of EPA's Blanket Prohibition on Beneficial Use of Coal Combustion Residuals to Reclaim Clay Mines

Dear My Johnson;

I am writing on behalf of Charah, LLC ("Charah") to request that EPA correct an erroneous and counter-productive interpretation of the coal combustion residuals ("CCR") rule that imposes an absolute prohibition on beneficial use of CCR to reclaim clay mines. Details of our issue and request are included in the attached letter. Charah requests that after review of our letter and matters related to the issues, we, and other interested parties, be granted an opportunity meet with you and other appropriate EPA representatives to discuss the issues. A copy of the attached letter has been mailed to your office.

Charah appreciates your consideration. If there are any questions, please contact me at (502) 410-9295 at your convenience.

Thanks,

Danny Gray
